1	10/1/18	Kate Lyle Maddocks	Review of Powerpoint Presentation Will appreciate receiving advice from Maddocks when Maria returns from leave.
2	10/1/18	Anne Howard Margot Smith Clive Goldsworthy Surf Coast Shire	New Pathway to Lorne Letter outlining AIDA's concerns about the proposed extension of the Surf Coast Walk to Lorne which is to include pedestrians and cyclists. Requested a map of the proposed route, information on the dimensions and proposed surface materials.
3	10/1/18	Stephen McGarrigle VicRoads	Moggs Creek Bridge Replacement Advice that VicRoad's 'December Community Update' not received by two AIDA members who live at Moggs and GJ did not receive any response to his queries. Concerns expressed at the consultation meeting about the proposed pedestrian refuge and lighting, but update does not address any concerns.
4	19/1/18	Kate Lyle Maria Marshall Maddocks	Validity of Permit Thanks for advice and expressed thanks for assistance given over the past 18 months. Asked if Maddocks would be able to provide legal assistance during the process of trying to purchase some of the land, but will understand if it's not possible.
5	19/1/18	Maggie Juniper Surf Coast Shire	3 Narani Way, Fairhaven Thanks for sending a copy of the letter to VCAT.
6	22/1/18	Shaan Briggs Surf Coast Shire	Pathway to Lorne Thanks and look forward to receiving the letter.
7	22/1/18	Shaan Briggs Surf Coast Shire	Pathway to Lorne Follow up on AIDA's letter re the proposed pathway to Lorne and whether the issues had been considered. Thanks for advice that the response had been approved and would be forwarded to AIDA.

9	25/1/18	Anne Howard Surf Coast Shire	Draft Unsealed Road and Street Network Strategy Provided a background on the unsealed character of streets from Aireys Inlet to Eastern View and commented on specifics in the draft strategy. AIDA considers that the draft strategy deals with only limited aspects of a complete local street network strategy – these being engineering, safety, performance and economic benefit and does not reflect the full picture, without which many of the proposals of the strategy are unlikely to be supported by the local community.
10	30/1/18	Callan Young Surf Coast Shire	Boundary Road Intersection Thanks for advice re plans for the intersection. Look forward to hearing of plans when it is next considered and hope there will be a response to AIDA's comments.
